

NextGen Path
GEAPS INTERN EXPERIENCE

Let's Build the Next Generation—Together

This flexible, structured internship companion program enhances onboarding, builds industry knowledge, and connects interns to long-term career opportunities in grain handling and processing.

4 CORE COMPONENTS TO ENRICH INTERNSHIPS

Welcome to the Grain Industry

Kickstart onboarding with a one-hour online course covering industry basics, roles, safety, and an introduction to GEAPS educational resources.

Industry Terminology

Familiarize the next generation of leaders with essential industry terms via the Interactive GEAPS Glossary tool and scavenger hunt activity.

Video Library Reflection

Supplement learning on advanced topics with over 100 videos to choose from for your interns to reflect upon relevant industry topics.

Career Exploration Podcast

Connect your interns with real voices from the industry through Whole Grain Podcast episodes that best fit their interests.

WHY IT WORKS:

- No cost to participating companies.
- Self-paced, digital, and customizable to fit your internship model.
- Aligned with industry fundamentals and career-building experiences to compliment your program.

WHAT'S INCLUDED:

- Student Membership for all participating interns
- Intern activity guide, checklist and worksheets
- Supervisor program guide and tracking sheet

**REGISTER YOUR TEAM OF
INTERNS AT NO COST!**

LOOKING FOR MORE?

An Advanced Learning component is available at a discounted \$75 fee for the online course "Introduction to Grain Operations."

This course is highly recommended to provide a more in-depth understanding of grain operations and handling procedures.
