

GEAPS Recognizes Safety Award Winners

Of the 230 facilities enrolled in the 2023 GEAPS Safety Awards Program, 180 facilities successfully completed the year without any lost time injuries or illnesses. Facilities in bold completed the year without a single recordable incident.

“GEAPS Safety Awards program dates back nearly a half century and is a testament to the value of GEAPS membership,” said GEAPS Executive Director John Caupert. “With GEAPS Training and Education programming, webinars, a dedicated safety track at GEAPS Exchange, involvement in Stand Up for Grain Safety, chapter events and so many other ways, our members have access to the best PPE out there—education and awareness.”

“Considering the work employees at these companies do every day to feed and fuel the world, achieving no recordable incidents is an incredible accomplishment,” he said.

GEAPS Safety Awards are made possible, in part, by Safety Made Simple.

“Safety Made Simple is honored to sponsor the GEAPS Safety Awards. Congratulations to this year’s recipients,” said Safety Made Simple Partner Joe Mlynek.

Congratulations to these facilities who, year after year, demonstrate a serious commitment to safety!

Company Name

State/province facility located in

Town/facility name that facility is located in - xx * #

xx Denote number of years facility has received the award

Denote if facility is top five (and ties) for cumulative in years receiving the award

* Denote if facility is top five (and ties) in cumulative hours without a lost-time injury or illness
