

NextGen Path
GEAPS STUDENT EXPERIENCE

Let's Build the Next Generation—Together

This flexible companion program enhances student development by building industry knowledge in the grain and grain processing industries.

CORE COMPONENTS TO DEVELOP STUDENTS

Welcome to the Grain Industry

A one-hour online course covering industry basics, roles, safety, and an introduction to GEAPS educational resources.

Industry Terminology

Familiarize the next generation of leaders with essential industry terms via the Interactive GEAPS Glossary tool.

Video Library

Supplement learning on advanced topics with a variety of videos to choose from to reflect upon relevant industry topics.

Career Exploration Podcast

Connect with real voices from the industry through Whole Grain Podcast episodes that best fit their interests.

WHY IT WORKS:

- No cost to participate.
- Self-paced, digital, and customizable to fit student needs.
- Aligned with industry fundamentals and career-building experiences to compliment student needs.

WHAT'S INCLUDED:

- Complimentary Student Membership
- Student activity guide, checklist and worksheets
- Optional Supervisor program guide

**REGISTER STUDENTS
AT NO COST!**

LOOKING FOR MORE?
