

FOUNDATIONAL SKILLS FOR FRONT-LINE LEADERS

ABOUT THE PROGRAM

The Emerging Leaders Workshop is a comprehensive training program designed to equip front-line supervisors in the grain handling and grain processing industries with foundational skills to effectively lead their teams and navigate everyday supervisory challenges.

Designed specifically for professionals working in the grain sector, this program addresses the unique needs of supervisors, superintendents, managers, and leaders transitioning from operator roles.

WHO SHOULD ATTEND

Ideal for individuals in leadership roles or managing day-to-day operations, including:

- Front-line leaders
- Operations and maintenance managers
- Day-to-day supervisors
- Safety personnel
