Register Your Company

To purchase a coupon block for your company, please contact Melissa Ferguson at GEAPS to request an application form at melissa@geaps.com or (763) 999-4314.

Coupon Block Policy:

- Each coupon in a block is worth one registration.
- There is no limit to the number of coupon blocks a company may purchase.
- Each company must designate a Registration Contact who will submit all coupon block registrations.
- Only registrations submitted by the Registration Contact will qualify as part of the coupon block.
- All coupon block coupons are valid for any GEAPS/K-State Distance Education Program course within three years of the initial purchase date.
- Coupons may be applied for scheduled courses or on-demand courses, or both, with exceptions noted below:
 - » Registration for scheduled courses will be capped at 60, with no more than 20 from a coupon block, on a first-come, first-served basis.
 - » On-demand courses require a minimum of 10 registrations, with a maximum of 60.
 - » On-demand courses require at least three weeks advance notice to GEAPS/K-State.
- Companies may register students outside their purchased coupon blocks, but they will not count toward the block or receive the block discount.
- Coupon blocks purchased within the same calendar year will be “added together” for an improved discount. The improved discount may be applied to any course for three years from the date of the company’s last volume-block purchase. Only registration purchases subsequent to the original volume-block purchase, in the same calendar year, will be entitled to the larger discounts. (Larger discounts will not apply to the original purchase.)
- Cancellations: The Registration Contact may cancel any registration made using the coupon block up to two weeks after the course begins. One coupon will then be added back into the coupon block for future use.
